EXCLUSIVE DISTRIBUTOR FOR

 CAPPELLOTTO

IN NORWAY

Cappelotto Spa, leader in manufacturing of industrial vehicles for the hydrodynamic cleaning of canalizations and sewer pipelines, for the suction of dust and solid materials, and for the transport of hazardous waste, is glad to announce that, from the first of January 2022, the new exclusive distributor for Norway of the whole range of Cappelotto products and of Fico combinations for arctic environments will be NOMEK AS. Nomek is a leading manufacturer of dewatering trucks and other special application vehicles to the Norwegian sewer industry. Nomek is also a renowned body builder of hooklift trucks, semi-tractors and dumper trucks and operates an advanced sheet metal workshop.

Like Cappelotto, Nomek focuses on high quality products with a long lifespan and is rigged to offer services that ensure optimal utilization of the equipment throughout its service life. Nomek is also assigned the special role of providing technical assistance to the many Norwegian customers who have purchased Cappelotto and FICO equipment over time.
